

Sight 022625, 022626, 022627

The sight is used to point out the desired blasting direction.

Endless 360° movement range.

The transducer has 2 connectors for the CAN-Open communication including power supply

The device is built to be used in harsh environment where high accuracy is needed.

Normally used in a system together with other transducers to form a complete angle measuring instrument.
